

Jeepers, creepers...

Where'd ya get them peepers?

With Medline EyeShields, you get the protection your eyes need in a lightweight and stylish design. Distortion-free, optical-grade disposable lenses are paired with reusable frames available in 10 designer colors. The wraparound design provides both front and side eye protection.

From the operating room to the lab, Medline EyeShields are a great way to protect yourself—and you'll love their surprisingly affordable price tag.

To learn more, contact your Medline representative, call 1-800-MEDLINE or visit www.medline.com.
