

Custom Cubicle Fabric w/ Logo

Here is an example of a custom cubicle made with the customer logo. Colors can be changed to any 2 colors the customer wants and logo is woven into the pattern of the fabric.

Due to minimum yardage requirements, this fabric can be used for jobs that need 100 or more yards of fabric. Please call the division for help. Thanks.

See how using your name on your own cubicle curtains, quilts and/or drapery can improve the image of your facility!
