Abbott continuously reviews our inventory to provide customers with the most up-to-date and accurate product availability information as possible. The table below lists products that are currently low in inventory. We apologize for the current inventory position and are doing everything we can to address the situation.

The table below provides suggested alternatives to meet the nutritional needs of your patients. Healthcare professionals should determine the best alternative product and transition plan for patients.

*Ensure Enlive and Juven will have product released intermittently

The use of tube feeding products must be determined by the healthcare professional. When patients need to change to a new formula, please work with that patient’s healthcare professional to determine the best alternative product and transition plan.
