URGENT: DRUG RECALL

February 4, 2022

Re: Prevantics® Swab, Swabstick, and Maxi Swabstick Voluntary Recall Notification

Dear Valued Customer:

PDI is voluntarily recalling the following Prevantics drug products, within expiry, out of an abundance of caution and consistent with our goal of protecting public health, because there was uncertainty of the adequacy of the validation of the test methods used to manufacture the products before July 2021. The products being voluntarily recalled were manufactured and shipped between February 2020 and July 2021.

The Prevantics drug products are swabs, swabsticks, and maxi swabsticks, with active ingredients 3.15% w/v CHG and 70% v/v IPA, used for skin antisepsis. The indications for use for the swab is “For preparation of the patient’s skin prior to an injection.” The indications for use for the swabsticks is “For the preparation of the patient’s skin prior to surgery or injection.” These drugs are for topical application.

PDI shipped this product between February 2020 and July 2021. This is a voluntary recall of product at the retail level.

PDI requests that you undertake the following activities:

1. Immediately check your inventory for the voluntarily recalled products listed above and place them under quarantine. This does not apply to products with an expiration date after July 2023. The lot numbers are between 12000165 and 12100824, except for 12000202. Any lot numbers greater than 12100825 are not in scope of this voluntary recall.
2. Immediately cease distribution of the products with lot numbers between 12000165 and 12100824, except for 12000202.
3. If you have further distributed this product, please identify your distribution partners, and notify them at once of this product recall. Your notification to your distribution partners...
should include a copy of this recall notification letter. This is a retail level recall. If they have affected product on hand, they can request a return label or LTL pickup by emailing PDI6620@sedgwick.com or calling 888-628-0727.

4. Please complete the enclosed business response form within 5 business days and return via email (PDI6620@sedgwick.com) or fax (888-245-9478) even if you have no affected product on hand.

5. If you have affected product, please include a copy of the completed packing slip, and return using the prepaid UPS shipping label provided in this packet.

PDI has partnered with Sedgwick to assist in this recall. For any assistance regarding response processing, product returns, and/or additional prepaid return labels for this recall, please contact Sedgwick at 888-628-0727 or PDI6620@sedgwick.com.

PDI has informed the U.S. Food and Drug Administration of this voluntary recall.

The PDI team will keep you updated on when we expect to continue distribution of Prevantics drug products. If you have any questions, please do not hesitate to reach out to your local PDI sales representative.

Sincerely,

Firas Abulaban
Vice President, Quality Operations
