Safety Data Sheet
SUREPREP NO-STING SKIN PROTECTANT

Section 1. Identification

Product Identifier
SUREPREP NO-STING SKIN PROTECTANT

Synonyms
MSC1513; MSC1528; MSC1510; MSC1505; MSD_SDS0018; MSC1506

Manufacturer Stock Numbers
MSC1528; MSC1505; MSC1510; MSC1513; MSC1506

Recommended use
Skin barrier protective film.

Uses advised against
N/A

Manufacturer Contact Address
Medline Industries, Inc.
3 Lakes Drive
Northfield, IL, 60093
USA

Phone
(800) 633-5460

Emergency Phone
(800) 424-9300

Fax

Section 2. Hazards Identification

Classification
FLAMMABLE LIQUIDS - Category 2

Signal Word
Danger

Pictogram

Page 1 of 6
Hazard Statements
Highly flammable liquid and vapor

Precautionary Statements

Response
If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
In case of fire: Use CO2, dry chemical or foam to extinguish.

Prevention
Ground/bond container and receiving equipment.
Keep away from heat/sparks/open flames/hot surfaces - No smoking.
Keep container tightly closed.
Take precautionary measures against static discharge.
Use explosion-proof electrical/ventilating/lighting/equipment.
Use only non-sparking tools.
Wear protective gloves/protective clothing/eye protection/face protection

Storage
Store in a well-ventilated place. Keep cool.

Disposal
Dispose of contents & containers in accordance with local, state and federal regulations

Ingredients of unknown toxicity
0%

Hazards not Otherwise Classified

Health Hazards:
Routes of Entry:
Eyes:
May cause eye irritation.

Skin:
May cause skin irritation.

Inhalation:
May cause respiratory system irritation.

Ingestion:
May be harmful if swallowed

Section 3. Ingredients

</tr>
</tbody>
</table>

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

Eye Contact:
Remove contact lenses immediately. Wash with copious amounts of water for at least 15 minutes. Do not rub eyes. Seek medical attention immediately.

Skin Contact:
Wash thoroughly with soap and water. Remove contaminated clothing. Seek medical attention immediately.
Inhalation: Move to fresh air if breathing. If not, give artificial respiration. Seek medical attention immediately.

Ingestion: If swallowed, rinse mouth with water. Seek medical attention immediately.

Section 5. Fire Fighting Measures

**Suitable Extinguishing Media**
- In case of fire, use Dry chemical, foam, carbon dioxide. Water fogs should be used to cool containers exposed to extreme heat.

**Unsuitable Extinguishing Media**
- N.A.

**Special Fire Fighting Procedures:**
- Cool fire-exposed containers with water. Use self-contained breathing apparatus in confined areas.

**Unusual Fire Fighting Procedures:**
- Emits toxic fumes under fire conditions. Vapors are heavier than air and will collect in low areas. Vapors may travel considerable distances to sources of ignition and flash back.

Section 6. Accidental Release Measures

**Steps to be taken in case material is released or spilled:**
- **For Large Spills:**
  - Shut off all sources of ignition. Evacuate area and ventilate. Ensure adequate ventilation. Contain spill and prevent spilled material from entering sources of groundwater contamination. Dike if necessary. Mix into spill an inert material such as diatomaceous earth and vermiculite. Avoid dust formation. Using recommended protective equipment, pick up bulk of spill and containerize for recovery or disposal. Flush area with water to remove residues.

- **For Small Spills:**
  - Same

Section 7. Handling and Storage

**Precautions to be taken in Handling and Storage:**
- Use safety goggles and chemical resistant rubber gloves and clothes. Store in a tightly closed container in a dry, cool area. Store away from direct sunlight. Avoid the build-up of dust; provide appropriate exhaust ventilation at places where dust is formed. Avoid contact with the material. Avoid prolonged or repeated exposure. Lab should be equipped with a safety shower and eyewash station. Wash thoroughly after handling material. Keep away from heat and open flames. Material should only be handled by qualified, experienced professionals.

- **Other Precautions:**
  - Always use proper grounding and bonding procedures when handling this material.

Section 8. Exposure Controls/Personal Protection

</table>

Page 3 of 6
Personal Protective Equipment: Goggles, Gloves, Face Shield, Respirator

Ventilation Requirements: Ventilation should be designed in accordance with good engineering practices. Mechanical exhaust preferred.

Personal Protective Equipment: Respiratory Protection: Wear appropriate NIOSH/MSHA-approved respirator with organic vapor cartridge. Not applicable with local exhaust.

Eye Protection: Splash-proof glasses, goggles or face shield (ANSI Z87.1 or approved equivalent).

Dermal Protection: Protect all exposed skin from contact. Use gloves or neoprene or other chemically inert material. Use chemically resistant apron or other chemically impervious clothing to avoid prolonged or repeated skin contact.

Other: Eyewash and safety showers should be available in areas where this product is handled.

### Section 10. Stability and Reactivity

**Reactivity:** This material is not considered reactive.

**Chemical Stability:** Stable under recommended conditions.

**Hazardous Decomposition or Byproducts:** Oxides of carbon and silica; formaldehyde.

**Hazardous Polymerization:** Will not occur.

**Conditions/Materials to Avoid:** Avoid elevated temperatures, reducing agents, oxidizers and metal salts.

### Section 11. Toxicological Information

**Acute Eye Effects:** N/E

**Acute Dermal Effects:** N/E

**Acute Inhalation Effects:** N/E

**Acute Oral Effects:** N/E

**NTP:** Not Listed

**IARC:** Not Listed

**OSHA:** Not Listed

### Section 12. Ecological Information

No information is available.

### Section 13. Disposal

**Waste Disposal Method:** If reclamation is not possible, dispose of material in accordance with all Federal, State and Local regulations.

### Section 14. Transport Information

**UN Number:** 1993

**UN Proper Shipping Name:** Flammable liquids, n.o.s. (Hexamethyldisiloxane)

**DOT Classification:** 3

**Packing Group:** II

**Special provisions:** None

### Section 15. Regulatory Information

**SARA 311/312:** N.A.
