1. Identification
Product identifier: NEUTRAL FLOOR CLEANER
Other means of identification
   Product number: EVSCHEM210
Recommended use: Floor Cleaner
Recommended restrictions: None known.
Manufacturer/Importer/Supplier/Distributor information
Manufacturer
   Company name: Medline Industries, Inc.
   Address: One Medline Place
   Mundelein, IL 60060
   Telephone: 800 633-5463
   Emergency phone number: CHEMTREC 800-424-9300

2. Hazard(s) identification
Physical hazards: Not classified.
Health hazards: Not classified.
Environmental hazards: Not classified.
OSHA defined hazards: Not classified.
GHS label elements
   Hazard statement: The mixture does not meet the criteria for classification.
Label elements
   Hazard symbol: None.
   Signal word: None.
   Prevention: Observe good industrial hygiene practices.
   Response
      IF IN EYES: Rinse with water. Get medical attention if irritation develops and persists.
      IF ON SKIN: Wash with soap and water. Get medical attention if irritation develops and persists.
      IF SWALLOWED: Rinse mouth. Get medical attention if symptoms occur.
      IF INHALED: remove to fresh air. Call a physician if symptoms develop or persist.
   Storage: Store in a closed container. Store away from incompatible materials.
   Disposal: Dispose of waste and residues in accordance with local authority requirements.
   Hazard(s) not otherwise classified (HNOC): None known.
Supplemental information: Not applicable.

3. Composition/information on ingredients
Mixtures
   Composition comments: The manufacturer lists no ingredients as hazardous according to OSHA 29 CFR 1910.1200. No dangerous ingredients according to Directive 2001/58/EC. No ingredients are present at or above the minimum concentration specified on the WHMIS Ingredient Disclosure List.

4. First-aid measures
Eye contact: Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
Skin contact: Wash off with soap and water. Get medical attention if irritation develops and persists.
Ingestion: Rinse mouth. Get medical attention if symptoms occur.
Inhalation: Move to fresh air. Call a physician if symptoms develop or persist.
Most important symptoms/effects, acute and delayed
Direct contact with eyes may cause temporary irritation.

Indication of immediate medical attention and special treatment needed
Treat symptomatically.

General information
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Fire-fighting measures

Suitable extinguishing media
Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).

Unsuitable extinguishing media
Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical
During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures
Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up
Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

7. Handling and storage

Precautions for safe handling
Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities
Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS). Keep out of the reach of children.

8. Exposure controls/personal protection

Appropriate engineering controls
Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Individual protection measures, such as personal protective equipment

Eye/face protection
If contact is likely, safety glasses with side shields are recommended.

Skin protection

Hand protection
For prolonged or repeated skin contact use suitable protective gloves.

Respiratory protection
In case of insufficient ventilation, wear suitable respiratory equipment.

General hygiene considerations
Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance
clear Liquid.

Color
red orange

Odor
citrus fragrance added

Odor threshold
Not available.
pH: 7 - 8 (undiluted and at 1:256 dilution)

Melting point/freezing point: 32 °F (0 °C)

Boiling point: 212 °F (100 °C)

Flash point: None to Boiling

Evaporation rate: Not available.

Flammability (solid, gas): Not available.

Upper/lower flammability or explosive limits:
  - Flammability limit - lower: Not available.
  - Flammability limit - upper: Not available.

Vapor pressure: 0 hPa estimated

Vapor density: Not available.

Solubility (water): 100 %

Partition coefficient (n-octanol/water): Not available.

Auto-ignition temperature: Not available.

Decomposition temperature: Not available.

Viscosity: Not available.

Specific gravity: 1.01

VOC (Weight %): 1.2 %

10. Stability and reactivity

Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical stability: Material is stable under normal conditions.

Possibility of hazardous reactions: No dangerous reaction known under conditions of normal use.

Conditions to avoid: Contact with incompatible materials. Do not freeze.

Incompatible materials: Strong oxidizing agents Avoid contact with acids.

Hazardous decomposition products: Carbon oxides nitrogen oxides (NOx)

11. Toxicological information

Information on likely routes of exposure:
  - Eye contact: Direct contact with eyes may cause temporary irritation.
  - Skin contact: No adverse effects due to skin contact are expected.
  - Ingestion: Expected to be a low ingestion hazard.
  - Inhalation: No adverse effects due to inhalation are expected.

Symptoms related to the physical, chemical and toxicological characteristics: Direct contact with eyes may cause temporary irritation.

Acute toxicity: Not available.

Carcinogenicity: This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

Reproductive toxicity: This product is not expected to cause reproductive or developmental effects.

Toxicological information: Occupational exposure to the substance or mixture may cause adverse effects.
12. Ecological information

Ecotoxicity
The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

Persistence and degradability
Based on the biodegradability data of the components, this material is expected to be biodegradable.

Bioaccumulative potential
This material does not contain chemicals that have known bioaccumulative potential.

Other adverse effects
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations

Disposal instructions
Collect and reclaim or dispose in sealed containers at licensed waste disposal site.

Local disposal regulations
Dispose in accordance with all applicable regulations.

Hazardous waste code
The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products
Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging
Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport information

DOT
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

15. Regulatory information

US federal regulations
TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)
Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)
Not listed.

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
Not listed.

CERCLA (Superfund) reportable quantity
Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories
Immediate Hazard - No
Delayed Hazard - No
Fire Hazard - No
Pressure Hazard - No
Reactivity Hazard - No

SARA 302 Extremely hazardous substance
No

SARA 311/312 Hazardous chemical
No

SARA 313 (TRI reporting)
Not regulated.
Other federal regulations

- Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List
  Not regulated.
- Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)
  Not regulated.
- Safe Drinking Water Act (SDWA)
  Not regulated.

US state regulations

- US. California Proposition 65
  California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

16. Other information, including date of preparation or last revision

HMIS® ratings
- Health: 1
- Flammability: 0
- Physical hazard: 0
- Personal protection: A

NFPA ratings
- Health: 1
- Flammability: 0
- Instability: 0
