A proven, easy to use tool that improves wound assessment accuracy.
**NE1™ — The New Standard for Wound Assessment**

- Reduces errors, increases accurate wound assessment
- Standardizes wound documentation for review and to assist with protection against litigation
- Drives appropriate reimbursement due to more accurate wound assessments

---

**Recognition:**
- HCA Innovators Award, Quality & Patient Safety category; WOCN conference accepted abstract on wound identification; NPUAP Research Committee: accepted abstract on wound identification; *Advances in Skin & Wound Care*: manuscript accepted for publication
