

STANDARD SURGICAL PACKS

A higher standard of value and performance.

Surgical Supply Management Solutions

Get more for your product dollars. **TAKE "STANDARD" TO THE NEXT LEVEL.**

Choosing to standardize your surgical packs is a solid business strategy.

Medline goes above and beyond standard to deliver a pack program that gives you more every day.

- » **Improves efficiency.** Shortens setup times and reduces the number of SKUs you need to order.
- » **Helps keep patients and staff safe.** All standard pack contents are not made with natural rubber latex.
- » **Generates less environmental impact.** Includes pigment-free basins, trays and containers.
- » **Gains financial savings.** Standardizing packs helps you manage costs better.

The right choice for the most commonly performed procedures:

- » Upper and lower extremity for orthopedic procedures
- » Vascular Access
- » Laparoscopy
- » Urology
- » C-section
- » ENT procedures
- » Arthroscopic procedures
- » General surgery

Q. What happens if you need to make a component-change or want to include products from another brand?

A. No problem. Ask your Medline Representative about our **Custom Surgical Pack** program today.

Ask your Medline Representative about Standard Surgical Packs today or visit medline.com for more information.
