Sterilization and Instrumentation Capabilities
Comprehensive products and support
QUALITY, VALUE AND SELECTION.

At Medline, our expertise and dedication enable us to offer exceptional value and a large collection of top-quality products. We have a vast selection of surgical instruments, plus everything you need to clean, package and sterilize products for reuse.

Medline is one of the only suppliers that can provide products and equipment for every step of the sterilization process.

CHOICES START HERE.

Use this checklist to help you choose the products needed for each step of the sterilization process.

**Decontamination**
- Pre-Soak Spray
- Cleaning Brushes
- Enzymatic Detergent
- Merit® Plus General Disinfectant
- Glutaraldehyde High-Level Disinfectant

**Instrumentation**
- Blades
- Curettes
- Custom Instrument Sets
- Dissectors
- Forceps
- Hemostats
- Hooks

**Instrumentation Cont.**
- Mallets
- Micro Instrumentation
- Miscellaneous
- Needle Holders
- Osteotomes
- Probes
- Retractors
- Rongeurs & Punches
- Scalers
- Scissors
- Suction
- Titanium Instrumentation
- Vessel Clamps

**Sterilization Packaging**
- Single Ply & Bonded Gemini Sterilization Wrap
- Steriset Sterilization Containers
- Aluminum & Stainless Steel Baskets
- Steam Sterilization Tape
- Instrument Guards
- Identification Tape

**Sterility Assurance**
- Advanced Bowie Dick Steam Sterilizer Test
- Biological Indicators
- Wash-Checks® Test Strips
- Steam Indicator Strips
- Record Keeping
DECONTAMINATION

Medline offers a comprehensive line of high quality decontamination products that excel in the removal of proteins while also protecting and prolonging the life of the instruments.

**Instrument Pre-Cleaners**

Pretreat instruments with BioZolve or FoamFirst® to safely remove blood, fat, tissue and body fluids.

**Instrument Lubricants**

Protect your investment and prolong instrument life with lubricants that prevent rust and corrosion.

**Dual Enzymatic Detergent and Presoak**

This highly effective, dual-enzyme formula disintegrates protein deposits, starch and carbohydrates, even in hard-to-reach areas.

**Meritz® Plus Disinfectant/Decontaminant**

A safe, effective, no-mix general disinfectant spray or immersion soak. The phenol-free formula is bactericidal, fungicidal, virucidal and tuberculocidal.

EPA Reg. No. 1130-15-375-49
INSTRUMENTATION

In an age of instant gratification and on-demand everything, you may find it refreshing to learn that creating each König instrument is an exercise in patience and craftsmanship. In fact, many König instruments take nearly two months and a total of 114 intricate steps to manufacture.

Lifetime Warranty
We warranty every König surgical instrument to be free of functional defects in workmanship and materials.

Breadth of Product
The König line includes more than 10,000 surgical instruments. We have a variety of general and specialty instrumentation. Instruments may be purchased individually or in custom sets to meet any need or preference.

Quality
Genuine König® instruments are handcrafted in Germany, offering endurance and precision.
STERILIZATION PACKAGING

No matter which packaging solution you choose, our products are meticulously crafted to comply with sterile packaging requirements.

Gemini Bonded Sterilization Wrap

Strong multi-layer, 100% polypropylene construction provides high-level barrier protection against fluid and particulates. Drapeable with less memory when opening. Soft, smooth finish is easy to handle and fold.

Steriset® Sterilization Containers

Exclusive thermal lock, valve plate and condensation drain system help assure sterility. The only sterilization containers that are completely reusable, putting an end to disposable filters and locks.

Sterilization Pouches

Medical grade paper with a pre-fold feature allows quick, easy, accurate folding.
STERILITY ASSURANCE

Along with best practices, these products help assure you—and others—of a product’s sterility.

- **Wash Test Strips**
  Detect washer inefficiencies in water temperature, water pressure and detergent dilution rates.

- **Sterilization Tape**
  Distinctive non-reversible color-changing strips.

- **Advanced Bowie Dick Steam Sterilizer Test**
  These test cards provide accurate results, testing for both air leaks and wet steam content. The distinctive color change is easy-to-read and not reversible.

- **Steam Integrator Strips - Class 5**
  Measure the time, temperature and presence of steam in steam sterilizers. Distinctive read out results.
WELCOME TO MEDLINE

Founded in 1966, Medline is the largest privately held manufacturer and distributor of healthcare supplies in the United States. We offer more than 350,000 different products to hospitals, surgery centers, physician offices, life science and research facilities, and pharmaceutical and medical device manufacturers. We continue to expand our product line and customer reach.
